

VET Connect 2.0: International Week of Vocational Partnerships

We are pleased to announce an international networking event in Tbilisi, Georgia, focused on fostering partnerships between Georgian and international vocational education institutions. This four-day gathering will bring together VET colleges specializing in:

Construction, Auto Service Technology and Fashion Design.

Where: Tbilisi, Georgia

When: 19-22 May, 2025

The event aims to establish meaningful collaborations between Georgian and international vocational colleges while creating opportunities for knowledge exchange and shared learning experiences. Participants will explore best practices, innovative teaching methodologies, and potential areas for future cooperation through workshops and interactive sessions.

Working Language: English

Participation Support:

Skills Agency Georgia will cover the following for two representatives from each participating institution:

- Accommodation
- Local transportation during the event

We invite interested institutions to complete the following form:
